CITY OFFICIAL ENDORSES A-I-M

Says it Should Be Used By
Every Person Advancing in Age.

"IT PROLONGS LIFE"

The following statement, coming from a prominent city official of Salem, Va., bears weight in that it comes from one whose position demands the truth at all times. Read what he says:

"I have tried Acid Iron Mineral and can highly recommend it as a constitution builder and general health restorer. I believe every person of advanced age should take Acid Iron Mineral, and that it will prolong their life. I have also found it very valuable in stopping blood and healing sores," says Mr. F. G. Webber, chief of police and superintendent water works, Salem, Virginia.

Men prominent in public life do not make a habit of praising medicines. Rather they condemn them. And in that Acid Iron Mineral has proved so efficient as to win the praise of Chief Webber is indeed a triumph for this wonderful preparation of nature's.

Acid Iron Mineral is not a patent medicine. The chemist has been unable to imitate or reproduce it. It is obtained from the only natural medicinal iron mineral deposit of its kind known to the world.

For creating appetite, increasing weight, purifying the blood, building up weak, anaemic people, and restoring weak vital organs to normal it is of exceptional merit. Many doctors prescribe it.

At all reliable druggists in 50c and \$1 sizes.

CLERKS OF BAPTIST CHURCHES PLEASE TAKE NOTICE

By permission of the editor, I wish to use this space to call the attention of the churches composing the Union County Baptist association, and especially the church clerks, to the approaching annual meeting, to begin August 29th, 1917, at Jonesville. The 31st of July closes our associational year, and there is a month to make out a full report of each church, and of this please let me stress the importance, to each church clerk, of so doing. The association makes history. Historical societies, Baptist year books, the State and Southern conventions seek statistics, etc., here, and the association cannot furnish everything, unless it is furnished by the local churches, so I beg every church clerk to make out a full, neat, careful report, with all columns tallied, and grand tallied—this helps the committee, and association clerk—and let it not be the "smallest" thing before you. May I ask the pastors to aid their clerks. I will send out blanks to the clerks direct, or through pastors, where clerks are not readily known. If you do not get a blank soon, please notify me. It is desired to have the report ready at the first of the meeting.

Also, I trust the appointees on standing committees, know their places and will be ready with reports. If you do not remember, please allow me to suggest that everybody consult the last minutes.

E. W. Jeter,
Associational Clerk.
